

Evaluation Questionnaire A

The purpose of this research is to investigate user acceptance, perceived usefulness, and privacy concerns related to a conceptual LLM-based In-Car Emotional Support Assistant. This agent uses multimodal physiological and visual data to recognize driver emotions and intervene appropriately. To ensure the reliability of our findings, we have adapted established behavioral and privacy scales (TAM and IUIPC) to fit this novel, emotion-aware driving context.

Welcome to the evaluation part of the study!

There are 5 questions in this survey.

Perceived Usefulness

Please enter the participant code found in your E-Mail here

Please write your answer here:

How much do you agree or disagree with these statements?

1 - Strongly disagree

5 - Strongly agree

*

Please choose the appropriate response for each item:

	1	2	3	4	5
Using the in-car emotional support agent would help me manage my driving tasks more efficiently, including monitoring the car and its partial automation.	☐	☐	☐	☐	☐
Using the in-car emotional support agent would improve my driving performance, including monitoring the car and its partial automation.	☐	☐	☐	☐	☐
Using the in-car emotional support agent would increase my effectiveness in performing driving tasks.	☐	☐	☐	☐	☐
Using the in-car emotional support agent would enhance my effectiveness in driving situations.	☐	☐	☐	☐	☐

	1	2	3	4	5
Using the in-car emotional support agent would make it easier for me to make safe driving decisions.	☐	☐	☐	☐	☐
I would find the in-car emotional support agent useful for my driving tasks, including monitoring the car and its partial automation.	☐	☐	☐	☐	☐

Perceived Ease of Use

How much do you agree or disagree with these statements?

1 - Strongly disagree

5 - Strongly agree

*

Please choose the appropriate response for each item:

	1	2	3	4	5
Learning to operate the in-car emotional support agent would be easy for me.	☐	☐	☐	☐	☐
I would find it easy to get the in-car emotional support agent to do what I want it to do.	☐	☐	☐	☐	☐
My interaction with the in-car emotional support agent would be clear and understandable.	☐	☐	☐	☐	☐
I would find the in-car emotional support agent clear and understandable while driving.	☐	☐	☐	☐	☐
It would be easy for me to become skillful at using the in-car emotional support agent.	☐	☐	☐	☐	☐
I would find the in-car emotional support agent easy to use.	☐	☐	☐	☐	☐

Privacy Concerns

How much do you agree or disagree with these statements?

1 - Strongly disagree

5 - Strongly agree *

Please choose the appropriate response for each item:

	1	2	3	4	5
It bothers me when I think of the in-car assistant collecting my personal information (e.g., heart rate, facial features, etc).	☐	☐	☐	☐	☐
I am concerned about the amount of personal information about my driving and emotional state that the in-car assistant collects.	☐	☐	☐	☐	☐
I believe there should be limits on the personal data the in-car assistant collects from me (e.g., facial features, GPS location, estimated stress levels).	☐	☐	☐	☐	☐
I feel that I have very little control over how the in-car assistant collects my personal information.	☐	☐	☐	☐	☐

	1	2	3	4	5
I am concerned that the in-car assistant's manufacturer might use my personal information in ways I have not explicitly agreed to (e.g., for insurance or marketing).	☐	☐	☐	☐	☐
I am concerned that the in-car assistant's manufacturer might keep my personal information longer than necessary for the service to function.	☐	☐	☐	☐	☐
It bothers me that the in-car assistant might transmit or exchange my personal information with other third parties (e.g., technology partners or insurance companies) without my knowledge.	☐	☐	☐	☐	☐

Social / Emotional Presence

How much do you agree or disagree with these statements?

1 - Strongly disagree

5 - Strongly agree *

Please choose the appropriate response for each item:

	1	2	3	4	5
The in-car assistant considered my mental state.	☐	☐	☐	☐	☐
The in-car assistant seemed emotionally intelligent.	☐	☐	☐	☐	☐
The in-car assistant expressed emotions.	☐	☐	☐	☐	☐
The in-car assistant sympathized with me.	☐	☐	☐	☐	☐
The in-car assistant showed interest in me.	☐	☐	☐	☐	☐
The in-car assistant supported me in coping with an emotional situation.	☐	☐	☐	☐	☐
The in-car assistant understood my goals.	☐	☐	☐	☐	☐
The in-car assistant understood my needs.	☐	☐	☐	☐	☐
I trusted the in-car assistant.	☐	☐	☐	☐	☐
The in-car assistant understood my intentions.	☐	☐	☐	☐	☐
